

**TRAINING ON "BAMBOO, RINGAL AND GRASS BASED JEWELLERY MAKING"
FROM 18-06-2012 TO 22-06-2012 UNDER NATIONAL BAMBOO MISSION**

A training under National Bamboo Mission was organized from 18-22 June 2012 by the Extension Division of Forest Research Institute, Dehradun (FRI). The training was attended by farmers and artisans including Self Help Groups of Uttarakhand. The training was inaugurated by the Director, FRI. Dy. Director General (Research), ICFRE, Head Extension, Consultant, and scientists from ICFRE and FRI were present in the inaugural session. In the technical sessions, the farmers and artisans made jewellery and other articles from bamboo and other waste materials like seeds of wild trees etc. The Director General ICFRE also visited and interacted with participants and encouraged them. The trainees also collected seeds and other material from FRI campus for making the decorative articles including jewellery.
