

## HIMALAYAN FOREST RESEARCH INSTITUTE, SHIMLA

### VISIT OF UNDER GRADUATE AND POST GRADUATE STUDENTS OF BABE KE AYURVEDIC MEDICAL COLLEGE AND HOSPITAL, MOGA PANJAB

About 50 Nos. of under graduate and post graduate students from **Babe Ke Ayurvedic Medical College and Hospital, Moga Panjab** visited Field Forestry Research Station Brundhar, Jagatsukh near Manali, district Kullu (HP), which is one of the Field Research Station of the institute in the Temperate Zone on **30<sup>th</sup> April, 2014**.

During their visit, the students got themselves acquainted with important high valued temperate medicinal plants along with their potential uses. They were also shown the Field Gene Bank (FGB) of *Poodophyllum hexandrum* (Bankakdi), *Picrorhiza kurroa* (Karu), *Valeriana jatamansi* (Mushkbala) as established by the institute in this station. The students showed keen interest on temperate medicinal plants and appreciated the efforts of the Institute in development of medicinal plants.
