

VISIT OF SHRI SREESHAN RAGHAVAN,
Joint Secretary, Department of Biotechnology
To IFGTB, Coimbatore

Shri Sreeshan Raghavan, Joint Secretary, Department of Biotechnology visited the Institute on 24.9.2013. He released a book on Twenty years of Biotechnology Research at IFGTB as a part of the proceedings of the National Seminar on Tree Biotechnology 2013. The work is a compilation of the research activities carried out in the field of biotechnology by the Institute since its inception. He stated that DBT is envisaging consideration of Forest biotechnology as a separate science for financial support. He encouraged networking between organisations working in the field of forest biotechnology for holistic results and frequent interactions with other national organisations working on crop biotechnology as have advanced further in areas of molecular biology and genomics.

This was followed by a visit to the various facilities of IFGTB.
