

Director General Programme at Institute of Wood Science and Technology

Dr. Ashwani Kumar, IFS, Director General of Indian Council of Forestry Research and Education visited Institute of Wood Science and Technology, Bengaluru on 15th & 16th October 2015. He reviewed the institute research programs on 15th October 2015. Director, IWST gave presentation on the institute activities. DG, while appreciating the research carried out by the Institute, was of the view that Institute should work on further advancement in research so that the stakeholders can be benefited. On 16th October 2015, DG visited the laboratories and other facilities of the Institute. Comments by our D.G. in the visitor's book is as follows

“Nicely presented woods and woody products. Best wishes to the persons associated with the establishment and maintenance of this lovely Museum.”
