

Training of Foresters

One day training of 11 numbers of Foresters from Arunachal Pradesh Forest Training Institute, Roing was held at RFRI, Jorhat on 3rd February, 2013. At the outset, Sri R. K. Kalita, Scientist & Head, Forestry Extension Division welcomed the trainees and accompanying officer in-charge. Dr. T. C. Bhuyan, Research Officer delivered a power point presentation on propagation techniques, nursery management and commercial plantations of bamboo to the Trainees. The Trainees visited the bamboo nursery where Sri R. K. Kalita demonstrated bamboo propagation techniques and nursery management practices. The Trainees visited RFRI Bambusetum and bamboo germplasm collections.

Dr. T. C. Bhuyan explained about the rattan conservation activities of the Institute. He also briefed the Trainees about the R&D activities of medicinal and aromatic plants of the Institute.

The Trainees were provided with extension literature on various subjects.
