

Training on Instrumentation concluded at TFRI, Jabalpur

“Training on Analytical Instruments” was concluded at Tropical Forest Research Institute, Jabalpur on 4th July, 2014. Certificates were distributed to the participants by the Group Co-ordinator Research, Shri P. Subramanyam on behalf of Director, TFRI.

Smt. Neelu Singh, Head, NWFP Division and Training Co-ordinator delivered the five days training report. During the training, lectures on a wide range of instrumentation such as HPLC, HPTLC, PCR, Gel Electrophoresis, UV-Vis Spectrophotometer, instruments for ecological studies (Clinometer, Canopy Imager, Photosynthetic analyzer, Nitrogen analyzer, Leaf Area Meter), patho-entomological studies (Potter spray tower, Advanced & compound microscope, BOD incubator) and other important instruments (Rotary evaporator, Centrifuge, Viscometer, P^H Meter etc) were delivered by various scientists and hands on/ practical demonstrations were given to the learners by expert team. Exposure visit to NWFP nursery, Plant tissue culture laboratory and Insectary were also provided to the participants.

During the feedback session the training participants praised and appreciated TFRI for organizing such a nice and diversified training course on instruments which will definitely help the learners, the young budding scholars in carrying out research works. They advised to start the Instrument specific training course also.

Dr. Nitin Kulkarni, Head, Extension Division appreciated the efforts of Course Coordinator and Course Director for successfully organizing the event and all resource persons to enrich the participants with advanced instrumental techniques.

During the closing ceremony, Shri P. Subramanyam, GCR of the Institute, in his speech highlighted the relationship between science and technology. He said that science sets the stage for technology which produces useful devices/ instruments and in most of the fields including research, these devices has now become essential for producing rapid results. He advised the young budding scholars came from different parts of the country to enhance their capabilities on instrumentation because it is the need of the hour to carry out quality research. He wished the participants well in all their future endeavors.

During the event, Head of all divisions, Scientists, Officers and staff of the Institute were present. The programme was conducted by Dr. Fatima Sirin, senior scientists of TFRI. The programme ended with vote of thanks by Shri Hari Om Saxena, Course Director and PRO.

Glimpses of Demonstration and Hands on Instruments

Glimpses of visit to Medicinal Plant Garden

Glimpses of concluding session

This report and its contents are prepared and provided by the Course Director of the training and P.L.O., TFRI Shri Hariom Saxena, Scientist B, TFRI, Jabalpur for uploading over web site.
