

RFRI conducts Skill Development Training on Bamboo Shoot Processing and Value Addition

Rain Forest Research Institute, Jorhat starts a three-day long ‘Skill Development Training on Bamboo Shoot Processing and Value Addition’ today (04/05/2022). This is the seventh training in this series, sponsored by Bamboo Technical Support Group-ICFRE, under National Bamboo Mission. Twenty participants from different districts of Assam, such as Golaghat, Cachar, Udalguri, Tinisukia, Jorhat, Nagaon and Dhemaji attended the training. Shri Rupjyoti Kurmi, Hon’ble Member of Legislative Assembly, Mariani inaugurated the training programme. During his inaugural speech, Shri Kurmi appealed to all to fix their targets and to work hard to fulfill the targets. He appreciated RFRI, Jorhat for its endeavour in development skills of the people with ultimate goal of generating their livelihood and self reliance.

Dr. R. S. C. Jayaraj, Director of the Institute welcomed the Chief Guest and the participants to the training program. Shri R. K. Kalita, Course Director of the Training programme sensitized the participants on bamboo and its manifold applications. The training is to be imparted by Shri Pranjali Kumar Goswami, an Entrepreneur from Guwahati. He explained theoretical aspects of bamboo shoot and its value additions. During the training, hands-on demonstration of making nine value added products of bamboo such as value added product of bamboo shoot with tamarind, lemon, King Chili, Green Chili, Chicken, Banana Inflorescence etc will be done.
