

Azadi Ka Amrit Mahotsav

Visit of School Children to Botanical Garden

29 July 2022

Place: Botanical Garden, TFRI campus (Madhya Pradesh)

On July 29, 2022, at 9.45 am, the Tropical Forest Research Institute has organized a visit to the Botanical Garden for Kendriya Vidyalaya students as part of the Azadi ka Amrut Mahotsav celebration. Along with two teachers Mrs. Kalpana Bain and Mrs. Meenal Mehta, a total of 25 students in grades 9th and 10th visited the botanical garden. The significance of botanical gardens, the ecological and therapeutic benefits of trees, and the physical characteristics of trees were explained to schoolchildren. Finally, a trail was conducted for kids to explore the entire botanical garden to give information on many forest trees that are present there. The trail was headed by TFRI scientists Mr. Dheeraj Gupta, Scientist-D and Dr. Deepika Jangam, Scientist-B, as well as project fellows Mrs. Amrutha Balakrishnan and Ms. Jyoti Desai. All the children were overjoyed when different kinds of trees were eventually made apparent.

Awaring the students of KV TFRI about the ecological and therapeutic benefits of forest tree species
