

FOREST RESEARCH INSTITUTE, DEHRADUN

Activities under Bharat Amrit Mahotsav-2021

1. International Biodiversity Day-2021 [22nd May, 2021]

Plants and animals are integral part of an ecosystem and play an important role in its sustainability and balancing the nature. Both plants and animal kingdom together constitute biodiversity of an ecosystem. The biodiversity has been disturbing by interference of human being and nowadays many species are disappeared from the nature and existence of some others is at alarming stage. Hence, restoration of biodiversity with its sustainable conservation is a dire need of today and to make it possible, awareness is an effective tool to motivate people.

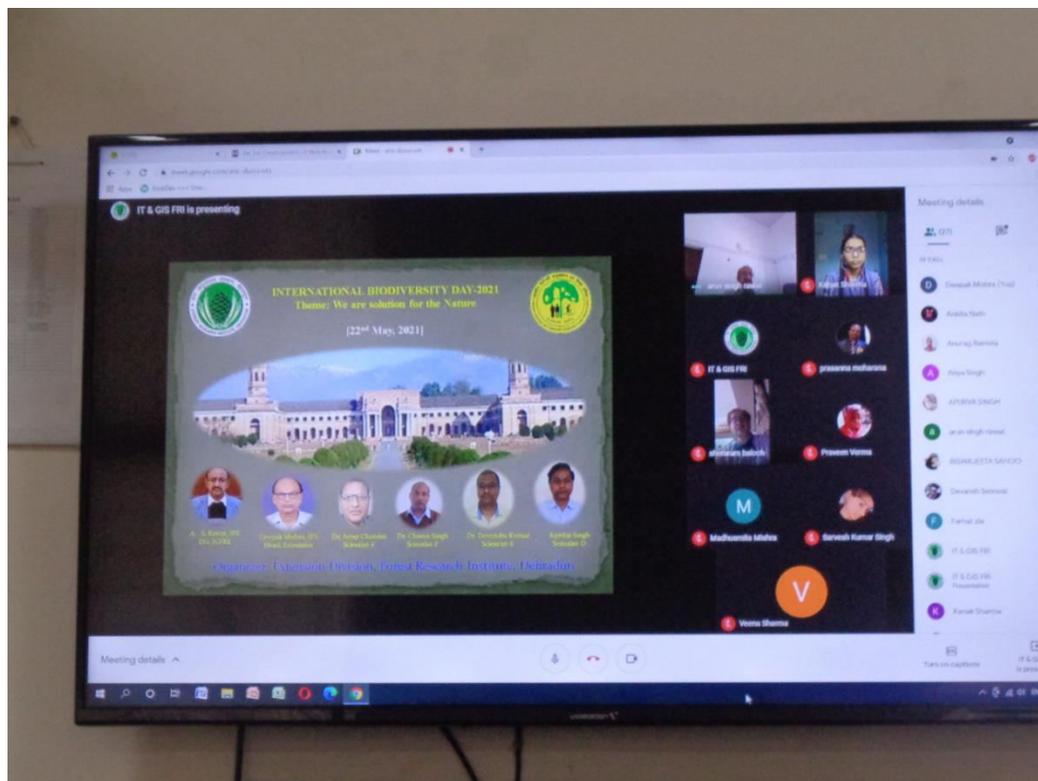

Keeping this in view, Extension Division, Forest Research Institute (FRI), Dehradun celebrated International Biodiversity Day-2021 on 22nd May, 2021. On this occasion, a webinar was organized for awareness on Biodiversity and its conservation. The webinar was inaugurated by the Chief Guest Shri Arun Singh Rawat, IFS, Director General, Indian Council of Forestry Research and Education and Director, FRI, Dehradun. In his inaugural speech, he told that the loss of floral and faunal biodiversity is at alarming stage and there is a dire need to protect and conserve it today. He said that due to disturbing the floral biodiversity by mankind and increasing human population, there is conflict between man and wild animal is developed. He quoted that global warming and climate change is also responsible for deterioration of biodiversity. He said that for establishment of ecological balance, the conservation of biodiversity is compulsory. Shri Deepak Mishra, IFS, Head Extension Division, FRI welcomed the Chief Guest and other participants of the webinar. He also gave an emphasis on importance of biodiversity and its conservation.

In the said webinar, a special lecture on “Biodiversity and its conservation” was delivered By Dr. Anup Chandra, Head, Botany Division, FRI, Dehradun. In his lecture, he highlighted the floral biodiversity and its global status and rank of India. He said that due to over exploitation of many species of herbs, shrubs and trees are under threat and if continues their existence in nature will be no more in nature. He also told about market status in Indian context. He told about conservation laws of Biodiversity.

Movies on Biodiversity of the FRI campus and insect biodiversity were also showed during the webinar. A virtual prize distribution of the completion conducted under PRAKRATI programme on theme "**Healthy Forests for Healthy Humanity**" for Junior and senior group students of Kendiya Vidyalay and Novodaya Vidyalaya on the occasion of International Day of Forests-2021 was also done and winners were awarded with 1st, 2nd, 3rd and consolation prizes respectively.

The programme was concluded with vote of thanks by Dr. Charan Singh, Scientist-F, Extension Division. The team of Extension Division including, Dr. Devendra, Scientist-E, Rambir Singh, Scientist-D, Shri Ramesh Singh, Assistant and Shri Yatharth Dulgacha, Multi Task Services done a commendable work under the active support of Head, Extension Division, FRI to make the webinar successful.
