

Report on Workshop on Improving Research Writing

Himalayan Forest Research Institute (HFRI) Shimla, H.P., organized an online workshop on "Improving Research Writing Using Grammarly" on 09.11.2022 in the conference hall of the institute. About 50 participants including scientists, officers, supporting research staff, JRF/ JPF, and project staff of the Institute actively participated in this workshop. Dr. Jagdish Singh, Head of Extension and convener of the workshop, welcomed all the participants as well as Sh. Pongu TH and Miss Manisha of Bridge People Technology Solutions Pvt. Ltd from Bangalore. He hoped that this workshop will prove to be very useful for the improvement of academic writing. Dr. Sandeep Sharma, Director, HFRI, Shimla, appreciated the efforts of the organizer and Bridge People in organizing this workshop for the benefit of the research staff of the institute. He added that this workshop is the need of the hour to write quality research papers. He urged all the participants to use Grammarly software to write error-free research papers. Mr. Pongu TH and Ms. Manisha gave a detailed presentation on Grammarly. In the end, an interactive session was held where all the questions of the participants were answered by an expert opinion.
