

Report on Prakriti Program organized at KV Ghumarwin, Bilaspur, H.P. केन्द्रीय विद्यालय घुमारवीं, बिलासपुर, हि. प्र. में आयोजित प्रकृति कार्यक्रम पर रिपोर्ट

Himalayan Forest Research Institute, Shimla, under Prakriti Program organized an event on Misson LiFE theme "Rainwater Harvesting" at Kendriya Vidyalaya, Ghumarwin, Bilaspur, HP on 6th February, 2023. About 80 students took active part in this event. Sh. Rajender Pal, Sr. Tech., made a brief presentation highlighting the R&D activities of the Institute. Thereafter, detailed presentation on "Mission LiFE" and "Rain Water Harvesting" was delivered by Sh. Kulwant Rai Gulshan, Sr. Tech. Mr. Gulshan briefed about mission life programme and highlighted its objectives and why mission life is important for the world and how mission life will be implemented. He also informed about 7 themes and a list of 75 actions of mission life. After that, he told about the status of water in the world and different types of water pollution and water cycle and also explained the rain water harvesting system. The students took keen interest in learning about water conservation methods. On this occasion, Sh. J. P. Dogra, Principal and Sh. A. R. Sharma, Vice Principal thanked the visiting team and Director of the Institute for organizing such an important awareness program in their school.

Glimpses of Activities
