### A Report on ICFRE- Himalayan Forest Research Institute, Shimla celebrated International Women day on 7<sup>th</sup> March, 2023.

ICFRE- Himalayan Forest Research Institute, Shimla celebrated International Women Day on 7<sup>th</sup> March, 2023. Dr. Joginder Singh Chauhan, CTO informed that during the week different activities like essay writing, painting and poetry recitation competitions were organized for women of the institute. The women of the institute enthusiastically participated in all the events. On this occasion, Mrs. Savita Kumari Banyal, CTO gave power point presentation on women empowerment. She focused on background and importance of International Women Day, related issues, women rights, efforts of government for women empowerment, constraints in empowerment schemes. She urged all women present that all shall broaden their horizon and shall play important role in society. Mrs. Banyal also cited the many examples of Indian women who have excelled in different arena and are inspiration for all women. Dr. Sandeep Sharma, Director, HFRI appreciated the efforts of Mrs. Banyal for highlighting various facts about women empowerment. He also informed about the role of Smt. Ahilya Holker in the field of education for women. At the end, prizes were distributed among winners of different competitions. The programme ended with vote of thanks by Dr. Joginder Chauhan, CTO extension division.

### Glimpses of Activities
