

## Closing ceremony of 5-day training program on "Vegetative Propagation of Forestry Species and High Tech Nursery Techniques"

ICFRE - Tropical Forest Research Institute, Jabalpur conducted closing ceremony of 5-day training program on "Vegetative Propagation of Forestry Species and High Tech Nursery Techniques" for Chhattisgarh State Forest Department. In all, 15 frontline officers attended the training programme from 27-31 March 2023.

Dr. Nitin Kulkarni, Director TFRI interacted with the participants and appreciated the positive feedback. He suggested participants to apply and extend the learning of the training in the field for improving rare and also common native tree species of their region.

Dr. Fatima Shirin, Scientist-G and Training Coordinator briefed the five day's proceedings of lectures and practicals/ hands on conducted during the period of training that will assist in increasing productivity of the country's forests. Most of the trainees requested to increase the duration of such important training to 15 days.

Participants shared their experiences and appreciated the learnings of the training programme. The program concluded with distribution of certificates and souvenir to all the participants. The event was attended by scientists and committee members of the training and was moderated by Mr. Kaushal Tripathi, Scientist-B.
