

Training program on Vegetative Propagation of Forestry Species and High Tech Nursery Techniques for Chhattisgarh State Forest Department (CSFD)

(27-31.03.2023)

ICFRE - Tropical Forest Research Institute Jabalpur inaugurated the second batch of 5-day training program on "Vegetative Propagation of Forestry Species and High Tech Nursery Techniques" for Chhattisgarh State Forest Department (CSFD). Around 15 frontline staff of Chhattisgarh will be attending this training programme from 27-31 March 2023.

Dr. Nitin Kulkarni, Director TFRI welcomed the participants and spoke on the importance of the training in global need to increase forest productivity and for various tree improvement programmes. He encouraged the participants to be involved in active learning by sharing their field experiences.

Dr. Fatima Shirin, Scientist-G and Training Coordinator briefed about the schedule and importance of training for the frontline staff and participants. Speaking on the importance of procuring quality planting material for raising forestry trees, she listed various techniques that will be taught during the training.

Dr. Avinash Jain, Dr. Naseer Mohammad, Dr. Pramod Tiwari, along with all other scientists and concerned committee members attended the inaugural program.
