ICFRE-LEC AGARTALA CONDUCTS TRAINING PROGRAMME ON VERMICOMPOSTING AND MEDICINAL PLANTS IN TRIPURA STATE FOREST ACADEMY

Indian Council of Forestry Research & Education-Livelihood Extension Centre, Agartala (Tripura) organized a training programme on vermicomposting and medicinal plants in the boy's hostel premises of Tripura State Forest Academy on 19th May, 2023 under LiFE Mission. Total of 40 forest guard undergoing training under TSFA from different parts of Tripura participated in this training. Shri Niren Das, ACTO and Training Coordinator, ICFRE-LEC, Agartala conducted the programme and interacted with the participated staff, officers and forest guard of TSFA. In the training period, showed and demonstrated how and what type of raw material are added for production of vermicompost. *Eisenia fetida*, the proffered and suitable earth worms which was brought from ICFRE-LEC, is also added in newly established vermicompost production unit. All the participants are divided into three team and conducted a transect walk in nearby area and collected the available raw materials for vermicompost. They also collected the medicinal plants and listed out accordingly. The training team are headed and guided by Shri Prantosh Das, RO of TSFA and he also explained the necessity of medicinal plants. Shri Niren Das interacted with the participants and assured that ICFRE-LEC provides support in near future for establishment of vermicompost unit. During the training period, visited medicinal plants nursery which was newly established at ICFRE-LEC Agartala office campus.

Glimpses of the Training Programme
