

ICFRE-INSTITUTE OF FOREST PRODUCTIVITY, RANCHI

INDIAN COUNCIL OF FORESTRY RESEARCH & EDUCATION

22nd June 2023

Signing of MoU between ICFRE-IFP and Amity University Jharkhand (AUJ)

Moving forward with the vision and mission of Indian Council of Forestry Research and Education (ICFRE) - Institute of Forest Productivity (IFP) Ranchi and Amity University Jharkhand's (AUJ) signed a Memorandum of Understanding (MoU), on 22nd June 2023. The aim of this MoU is to promote academic and research collaboration in area of forestry science, in a first-of-its-kind effort. It will develop, upscale, and disseminate cutting edge technologies to public through innovative extension strategies and capacity building programmes.

The MOU was signed by Dr. Yogeshwar Mishra, Director ICFRE-IFP and Mr. Prabhakar Tripathi, Registrar Amity University Jharkhand in presence of Dr. Vikas Misra, Director, Dr. Ajay Mahalka from Amity University Jharkhand and Smt. Anjana Suchita Tirkey, IFS, Dr. Aditya Kumar, Scientist-E from ICFRE-IFP.

The MoU opens new unexplored avenues of opportunity for ICFRE-IFP and Amity University Jharkhand for collaborative education program, capacity building & joint research projects which will promote scientific and sustainable management of forest resources. MoU will enhance exchange of students for academic, research and training purposes. The MoU focused on improving and value-based interventions to increase access, and to successfully implement national forest and environment programme, reducing inequity and improving quality of environment. The MoU will allow to work on Herbal plants, Genetics of Plant, and forest management in favor of Jharkhand. Dr. Ashok K. Srivastava, Pro Vice Chancellor, Amity University Jharkhand conveyed his kindest regards.
