

Plantation Programme at Birsa Agriculture University Ranchi Campus

Date: 05.07.2023

In compliance to MOU sign between Birsa Agricultural University (BAU), Ranchi and ICFRE-IFP Ranchi, Van

Mahotsav 2023 was organized by a team of ICFRE-Forest Productivity Institute and BAU Ranchi in the campus of Agriculture University on 05.07.2023. The plantation drive was initiated by Director of the institute Dr. Yogeshwar Mishra and Dr. Aditya Kumar Scientist E and Head Genetics Division. Dean Forestry Dr. MS Mallick and Dr. Jaykumar Assistant Professor and students of IFP and BAU were also present during this occasion. The plantation comprised of selected clonal materials of *D.latifolia*, *Eucalyptus*, *Gmelina arborea* and *Flamingia* under AICRP programme. Elaborating on the importance of clonal plantation, Dr. Aditya Kumar of the institute told that the plantation of these species help in selection of advance generation for future breeding programme. Dr. M.S Mallick appreciated the Van Mahotsav program organized by the institute and ensured for proper protection and maintenance of the plantation raised by IFP. Dr. Jaykumar Assistant Professor proposed formal vote of thanks.
