

PRAKRITI PROGRAM

Lecture on “Pollution and Control Measures” and “LiFE Mission”

Organized by ICFRE- IFGTB, Coimbatore

The “Prakriti” programme was conducted by the Extension Division of ICFRE-IFGTB, in order to create environmental awareness and conservation to school and college students. ICFRE-IFGTB has hosted offline knowledge series, as part of ‘Prakriti - Student Connect Programme’ of ICFRE (Indian Council of Forestry Research and Education) for the school and college students.

Smt. B. Sunitha, Prakriti coordinator, ICFRE-IFGTB welcomed the students and teachers for the awareness lecture on “Pollution and its Control Measures” and “LiFE Mission” and she briefed about the “Prakriti” programme and ICFRE-IFGTB initiatives in ‘Prakriti’.

Under the Prakriti Programme, awareness lecture was delivered on “Pollution and Control Measures” by Smt. B. Sunitha, Chief Technical Officer, ICFRE-IFGTB, Extension division to the students of Government High School, Kanuvai, Coimbatore on 07.08.2023 and in total of 47 students participated in the School.

During the awareness lecture, the speaker delivered a comprehensive lecture on pollution, emphasizing its consequence to human life and environment. She discussed the various types of pollution *viz.*, Air Pollution, Land Pollution, Water Pollution, Noise Pollution, etc.

She elaborated about the effects of pollution and diseases caused by it. She discussed about the importance of environment and its conservation strategies in our day to day life. She elaborated that recycling products can be used for the betterment of the society. She informed about the different ways to protect our environment. The speaker touched the basics like minimum usage of vehicles, nature friendly cleaning products, which was an eye opening to the students.

The LiFE Mission Awareness Campaign, organized by ICFRE-IFGTB EIACP PC RP as part of the PRAKRITI Programme, was conducted at Govt. High School Kanuvai, Coimbatore. The campaign aimed to create environmental awareness among students and staff, focusing on biodiversity, conservation, and sustainable practices.

Activities and Highlights:

- Interactive presentations on biodiversity, urban forestry, forest conservation, and sustainable resource management.
- Group discussions and Q&A sessions for active engagement.
- LiFE Mission pledge.

Outcome:

The LiFE Mission Awareness Campaign successfully raised awareness about environmental issues and fostered a sense of responsibility towards nature among participants. Interactive activities left a positive impact, encouraging students to become environmentally conscious.

Conclusion:

The LiFE Mission Awareness Campaign at Govt. High School Kanuvai effectively promoted environmental education and inspired students and staff to contribute to the conservation and sustainability of our natural resources.
